Nathan, Jimmy and Smart Mobility Team, I just finished a call with Nathan and CM Flannigan related to Item 31 and 32. CM Flannigan is supportive of keeping Item 32 (BCycle LLC/Trek) on the consent agenda as-is. Related to Item 31 (Bike Share of Ausin, BSA), I agree with CM Flannigan that the Mobility Committee should take up the subject of the future of the BCycle Austin system and its enablement of Project Connect. We need to support City Council offices with making an Addendum for this item.

Nathan, please see the supporting content below to help communicate with other council offices. My team stands ready to assist you with any further support you need for this item.

Supporting back-up:

ATD agrees with CM Flannigan's request that the time scope of the item be reduced to 6 months with the expectation that ATD would report back to the Mobility Committee on August 20, 2020 on the status and prognosis of the Austin BCycle system.

Many thanks,

Jason JonMichael
